Preface

PSA's Jewels in the Valley is a collection of moments captured to celebrate the achievements of Politeknik Sultan Salahuddin Abdul Aziz Shah (PSA) for the year 2017. The achievements are presented according to the Asia Pacific Accreditation and Certification Commission (APACC) seven excellence criteria; Governance & Management, Teaching & Learning, Human Resources, Research & Development, Image & Sustainability, Other Resources and Support to Students. Each excellence criterion is represented by a chosen gem stone which symbolizes different elements of attributes that highlights the strength of all the excellence criteria. Hence, amethyst, jade, emerald, diamond, aquamarine, topaz and jasper are chosen to represent APACC seven excellence criteria.

Cover of PSA's Jewels in the Valley

Politeknik Sultan Salahuddin Abdul Aziz Shah's Jewels in the Valley signify the location in which the polytechnic is located, Klang valley, and pays special tribute to the seven categories of excellence which form the pillar for PSA's strategic planning and overall operation. The seven jewels revolve around seven different gemstones upholding significant attributes which also symbolize every single criterion marking PSA's excellence. Attributes relating to intellectuality, wisdom, creativity, ingenuity, love, tenderness and courage bond together among the seven jewels to radiate glittering lights of sweet success.

The fig tree has a special place in Politeknik Sultan Salahuddin Abdul Aziz Shah. Akin to the tree brought from heaven, the fig trees are lovingly nurtured in the polytechnic nursery. The fruits are often sought after for their bountiful vitamins and minerals, besides being alternative medicine for those with respiratory problems, diabetes, obesity, and coronary heart diseases. Thus, the fig tree has been chosen to grace the cover page for Jewels in the Valley.

Dear all,

Thank you for making these two years a truly remarkable one for Politeknik Sultan Salahuddin Abdul Aziz Shah! Our dedicated staff has done an incredible job at expanding our outreach with many achievements worthy of my best compliments while also strengthening our programmes, partnerships and services. This could not have been possible without all of you. As I leave today, I hope all of you are left with many sweet moments and memories that realise your highest potentials, deepest dreams and furthest capabilities. I wish all of you the very best in the future and go forth PSA!

Governance & Management

AMETHYST

Protection, cleansing and intuition

Amethyst is the chosen gem,
Colour as purple as the wild yalm,
In this institution vision and mission combined,
We play our roles all well defined,
In strength we stand,
Together hand in hand.

In the name of PSA, our beloved institution
We strive and fight for excellence
Upholding good values and beliefs our stakeholders in governance
Every aspiration becomes our ordinance
Raking the recognitions is our ultimate goal
Ability to empower and enlighten are the leader's role
Leading ways to what the future holds
Bringing the people together as one soul

Teaching & Learning

JADE

Bonding, mental health and intellectual potential

Jade, so green and so significant
Laying strong foundation for education
Together we soar and fly high
Together we reach for the sky

The innovative thinker is like a gem rarely found
Yet PSA's team has concluded academic solutions so profound
Great talents are everywhere, if only we dare to care
Now is the time to work out for the competitive edge
Thus creating a certain advantage
The ways and means to excel are often sought for
Garnering professional recognition right to our door.

EMERALD

Symbol of love, wisdom and abundance

Emerald, your sheer beauty so divine,
Igniting teamwork as we all shine,
The bright sky and dew of beautiful pines,
Reminding us that this is our land we design and define.

Walking along the pathway of future dreams
The journey yonder is not what it seems
Yet we need to hold on to each other
It is all about people working together
Believing in the same goals has always work wonders
Aim for the sky, and then reach for the stars
Inspiring ourselves to achieve more and more

DIAMOND

Creativity, ingenuity, and abundance in
all areas of life

Glittering diamonds the centre of our eyes,
As we march forward efforts harmonised,
Creating new solutions and changing lives,
Connecting masses and establishing ties.

In the midst of hidden opportunities and endless hurdles
Creative and innovative minds in PSA get together
Seeking solutions, and solving riddles
Making the ordinary change for the better
And so as the years go by
We are still flying high
Celebrating success in the land far and near
Inspiring the hearts and minds to challenge the future.
